Women of Faith Conference

October 15-16, 2010

Tampa, FL

We have had such a tremendous response to this event. Forty women from Apopka Calvary and Lake Bridge churches will be attending this wonderful event together. I believe God is already at work preparing our hearts and minds for this time of worship, spiritual growth, and friendship building.

Thank you to Donna Hutton and Marjorie Hague for heading up this event. If you have questions about your registration or need to make payment, stop by the booth of Sunday.

Better Together

On Wednesday night, August 11th, seven ladies who participated in the summer series “Better Together”, met at the home of Pastor Ronda’s father to help with cleaning his home and preparing meals. It was amazing to watch what this group of women could do in a 2 hour time frame. The home looked like a new place when they left. We truly are “Better Together”!!!

IDEA EXCHANGE

1. Declutter: Don't limit your decluttering to the usual garage, basement and attic. Look at the common areas -- drawers, cupboards and places where things tend to go that we think we'll get to later. Divide clutter into boxes marked "keep," "donate," "sell" and "throw out" -- even though you don't want it, someone else might. Hold a garage sale or sell it online, you never know, that old comic book might complete someone else's collection.

2. Clear out the storage unit: Sort through old boxes you've had in storage and determine if the contents are worth keeping and why they're important. What about that box that has moved with you the last three times that you've never opened? Do you really need the contents? If you clear out enough, who knows, you may not need a storage unit or the accompanying monthly fee.

3. Cash in and splurge: Most of us have a coin jar, but loose change also ends up under the sofa cushions, in drawers and in the laundry room. Coinstar estimates that the average American household has about \$90 in change floating around. Why not use the money you find to reward yourself for cleaning? Gather up your change and take it to a Coinstar Center, found in retail locations across the country. Coinstar quickly and easily turns loose change into cash which can be used to purchase a special treat for someone.
